§ 2550.404a-4 Selection of annuity providers—safe harbor for individual account plans.

(a) *Scope.* (1) This section establishes a safe harbor for satisfying the fiduciary duties under section 404(a)(1)(B) of the Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C. 1104-1114, in selecting an annuity provider and contract for benefit distributions from an individual account plan. For guidance concerning the selection of an annuity provider for defined benefit plans see 29 CFR 2509.95-1.

(2) This section sets forth an optional means for satisfying the fiduciary responsibilities under section 404(a)(1)(B) of ERISA with respect to the selection of an annuity provider or contract for benefit distributions. This section does not establish minimum requirements or the exclusive means for satisfying these responsibilities.

(b) *Safe harbor.* The selection of an annuity provider for benefit distributions from an individual account plan satisfies the requirements of section 404(a)(1)(B) of ERISA if the fiduciary:

(1) Engages in an objective, thorough and analytical search for the purpose of identifying and selecting providers from which to purchase annuities;

(2) Appropriately considers information sufficient to assess the ability of the annuity provider to make all future payments under the annuity contract;

(3) Appropriately considers the cost (including fees and commissions) of the annuity contract in relation to the benefits and administrative services to be provided under such contract;

(4) Appropriately concludes that, at the time of the selection, the annuity provider is financially able to make all future payments under the annuity contract and the cost of the annuity contract is reasonable in relation to the benefits and services to be provided under the contract; and

(5) If necessary, consults with an appropriate expert or experts for purposes of compliance with the provisions of this paragraph (b).

(c) *Time of selection.* For purposes of paragraph (b) of this section, the “time of selection” may be either:

(1) The time that the annuity provider and contract are selected for distribution of benefits to a specific participant or beneficiary; or

(2) The time that the annuity provider is selected to provide annuity contracts at future dates to participants or beneficiaries, provided that the selecting fiduciary periodically reviews the continuing appropriateness of the conclusion described in paragraph (b)(4) of this section, taking into account the factors described in paragraphs (b)(2), (3) and (5) of this section. For purposes of this paragraph (c)(2), a fiduciary is not required to review the appropriateness of this conclusion with respect to any annuity contract purchased for any specific participant or beneficiary.

[73 FR 58449, Oct. 7, 2008]

§ 2550.404a-5 Fiduciary requirements for disclosure in participant-directed individual account plans.

(a) *General.* The investment of plan assets is a fiduciary act governed by the fiduciary standards of section 404(a)(1)(A) and (B) of the Employee Retirement Income Security Act of 1974, as amended (ERISA), 29 U.S.C. 1001 *et seq.* (all section references herein are references to ERISA unless otherwise indicated). Pursuant to section 404(a)(1)(A) and (B), fiduciaries must discharge their duties with respect to the plan prudently and solely in the interest of participants and beneficiaries. When the documents and instruments governing an individual account plan, described in paragraph (b)(2) of this section, provide for the allocation of investment responsibilities to participants or beneficiaries, the plan administrator, as defined in section 3(16), must take steps to ensure, consistent with section 404(a)(1)(A) and (B), that such participants and beneficiaries, on a regular and periodic basis, are made aware of their rights and responsibilities with respect to the investment of assets held in, or contributed to, their accounts and are provided sufficient information regarding the plan, including fees and expenses, and regarding

designated investment alternatives, including fees and expenses attendant thereto, to make informed decisions with regard to the management of their individual accounts.

(b) *Satisfaction of duty to disclose.* (1) In general. The plan administrator of a covered individual account plan must comply with the disclosure requirements set forth in paragraphs (c) and (d) of this section with respect to each participant or beneficiary that, pursuant to the terms of the plan, has the right to direct the investment of assets held in, or contributed to, his or her individual account. Compliance with paragraphs (c) and (d) of this section will satisfy the duty to make the regular and periodic disclosures described in paragraph (a) of this section, provided that the information contained in such disclosures is complete and accurate. A plan administrator will not be liable for the completeness and accuracy of information used to satisfy these disclosure requirements when the plan administrator reasonably and in good faith relies on information received from or provided by a plan service provider or the issuer of a designated investment alternative.

(2) *Covered individual account plan.* For purposes of paragraph (b)(1) of this section, a “covered individual account plan” is any participant-directed individual account plan as defined in section 3(34) of ERISA, except that such term shall not include plans involving individual retirement accounts or individual retirement annuities described in sections 408(k) (“simplified employee pension”) or 408(p) (“simple retirement account”) of the Internal Revenue Code of 1986.

(c) *Disclosure of plan-related information.* A plan administrator (or person designated by the plan administrator to act on its behalf) shall provide to each participant or beneficiary the plan-related information described in paragraphs (c)(1) through (4) of this section, based on the latest information available to the plan.

(1) *General.* (i) On or before the date on which a participant or beneficiary can first direct his or her investments and at least annually thereafter:

(A) An explanation of the circumstances under which participants

and beneficiaries may give investment instructions;

(B) An explanation of any specified limitations on such instructions under the terms of the plan, including any restrictions on transfer to or from a designated investment alternative;

(C) A description of or reference to plan provisions relating to the exercise of voting, tender and similar rights appurtenant to an investment in a designated investment alternative as well as any restrictions on such rights;

(D) An identification of any designated investment alternatives offered under the plan;

(E) An identification of any designated investment managers; and

(F) A description of any “brokerage windows,” “self-directed brokerage accounts,” or similar plan arrangements that enable participants and beneficiaries to select investments beyond those designated by the plan.

(ii) If there is a change to the information described in paragraph (c)(1)(i)(A) through (F) of this section, each participant and beneficiary must be furnished a description of such change at least 30 days, but not more than 90 days, in advance of the effective date of such change, unless the inability to provide such advance notice is due to events that were unforeseeable or circumstances beyond the control of the plan administrator, in which case notice of such change must be furnished as soon as reasonably practicable.

(2) *Administrative expenses.* (i)(A) On or before the date on which a participant or beneficiary can first direct his or her investments and at least annually thereafter, an explanation of any fees and expenses for general plan administrative services (e.g., legal, accounting, recordkeeping), which may be charged against the individual accounts of participants and beneficiaries and are not reflected in the total annual operating expenses of any designated investment alternative, as well as the basis on which such charges will be allocated (e.g., pro rata, per capita) to, or affect the balance of, each individual account.

(B) If there is a change to the information described in paragraph

(c)(2)(i)(A) of this section, each participant and beneficiary must be furnished a description of such change at least 30 days, but not more than 90 days, in advance of the effective date of such change, unless the inability to provide such advance notice is due to events that were unforeseeable or circumstances beyond the control of the plan administrator, in which case notice of such change must be furnished as soon as reasonably practicable.

(ii) At least quarterly, a statement that includes:

(A) The dollar amount of the fees and expenses described in paragraph (c)(2)(i)(A) of this section that are actually charged (whether by liquidating shares or deducting dollars) during the preceding quarter to the participant's or beneficiary's account for such services;

(B) A description of the services to which the charges relate (e.g., plan administration, including recordkeeping, legal, accounting services); and

(C) If applicable, an explanation that, in addition to the fees and expenses disclosed pursuant to paragraph (c)(2)(ii) of this section, some of the plan's administrative expenses for the preceding quarter were paid from the total annual operating expenses of one or more of the plan's designated investment alternatives (e.g., through revenue sharing arrangements, Rule 12b-1 fees, sub-transfer agent fees).

(3) *Individual expenses.* (i)(A) On or before the date on which a participant or beneficiary can first direct his or her investments and at least annually thereafter, an explanation of any fees and expenses that may be charged against the individual account of a participant or beneficiary on an individual, rather than on a plan-wide, basis (e.g., fees attendant to processing plan loans or qualified domestic relations orders, fees for investment advice, fees for brokerage windows, commissions, front- or back-end loads or sales charges, redemption fees, transfer fees and similar expenses, and optional rider charges in annuity contracts) and which are not reflected in the total annual operating expenses of any designated investment alternative.

(B) If there is a change to the information described in paragraph

(c)(3)(i)(A) of this section, each participant and beneficiary must be furnished a description of such change at least 30 days, but not more than 90 days, in advance of the effective date of such change, unless the inability to provide such advance notice is due to events that were unforeseeable or circumstances beyond the control of the plan administrator, in which case notice of such change must be furnished as soon as reasonably practicable.

(ii) At least quarterly, a statement that includes:

(A) The dollar amount of the fees and expenses described in paragraph (c)(3)(i)(A) of this section that are actually charged (whether by liquidating shares or deducting dollars) during the preceding quarter to the participant's or beneficiary's account for individual services; and

(B) A description of the services to which the charges relate (e.g., loan processing fee).

(4) *Disclosures on or before first investment.* The requirements of paragraphs (c)(1)(i), (c)(2)(i)(A), (c)(3)(i)(A) of this section to furnish information on or before the date on which a participant or beneficiary can first direct his or her investments may be satisfied by furnishing to the participant or beneficiary the most recent annual disclosure furnished to participants and beneficiaries pursuant those paragraphs and any updates to the information furnished to participants and beneficiaries pursuant to paragraphs (c)(1)(ii), (c)(2)(i)(B) and (c)(3)(i)(B) of this section.

(d) *Disclosure of investment-related information.* The plan administrator (or person designated by the plan administrator to act on its behalf), based on the latest information available to the plan, shall:

(1) *Information to be provided automatically.* Except as provided in paragraph (i) of this section, furnish to each participant or beneficiary on or before the date on which he or she can first direct his or her investments and at least annually thereafter, the following information with respect to each designated investment alternative offered under the plan—

(i) *Identifying information.* Such information shall include:

(A) The name of each designated investment alternative; and

(B) The type or category of the investment (e.g., money market fund, balanced fund (stocks and bonds), large-cap stock fund, employer stock fund, employer securities).

(ii) *Performance data.* (A) For designated investment alternatives with respect to which the return is not fixed, the average annual total return of the investment for 1-, 5-, and 10-calendar year periods (or for the life of the alternative, if shorter) ending on the date of the most recently completed calendar year; as well as a statement indicating that an investment's past performance is not necessarily an indication of how the investment will perform in the future; and

(B) For designated investment alternatives with respect to which the return is fixed or stated for the term of the investment, both the fixed or stated annual rate of return and the term of the investment. If, with respect to such a designated investment alternative, the issuer reserves the right to adjust the fixed or stated rate of return prospectively during the term of the contract or agreement, the current rate of return, the minimum rate guaranteed under the contract, if any, and a statement advising participants and beneficiaries that the issuer may adjust the rate of return prospectively and how to obtain (e.g., telephone or Web site) the most recent rate of return required under this section.

(iii) *Benchmarks.* For designated investment alternatives with respect to which the return is not fixed, the name and returns of an appropriate broad-based securities market index over the 1-, 5-, and 10-calendar year periods (or for the life of the alternative, if shorter) comparable to the performance data periods provided under paragraph (d)(1)(ii)(A) of this section, and which is not administered by an affiliate of the investment issuer, its investment adviser, or a principal underwriter, unless the index is widely recognized and used.

(iv) *Fee and expense information.* (A) For designated investment alternatives with respect to which the return is not fixed:

(1) The amount and a description of each shareholder-type fee (fees charged directly against a participant's or beneficiary's investment, such as commissions, sales loads, sales charges, deferred sales charges, redemption fees, surrender charges, exchange fees, account fees, and purchase fees, which are not included in the total annual operating expenses of any designated investment alternative) and a description of any restriction or limitation that may be applicable to a purchase, transfer, or withdrawal of the investment in whole or in part (such as round trip, equity wash, or other restrictions);

(2) The total annual operating expenses of the investment expressed as a percentage (*i.e.*, expense ratio), calculated in accordance with paragraph (h)(5) of this section;

(3) The total annual operating expenses of the investment for a one-year period expressed as a dollar amount for a \$1,000 investment (assuming no returns and based on the percentage described in paragraph (d)(1)(iv)(A)(2) of this section);

(4) A statement indicating that fees and expenses are only one of several factors that participants and beneficiaries should consider when making investment decisions; and

(5) A statement that the cumulative effect of fees and expenses can substantially reduce the growth of a participant's or beneficiary's retirement account and that participants and beneficiaries can visit the Employee Benefit Security Administration's Web site for an example demonstrating the long-term effect of fees and expenses.

(B) For designated investment alternatives with respect to which the return is fixed for the term of the investment, the amount and a description of any shareholder-type fees and a description of any restriction or limitation that may be applicable to a purchase, transfer or withdrawal of the investment in whole or in part.

(v) *Internet Web site address.* An Internet Web site address that is sufficiently specific to provide participants and beneficiaries access to the following information regarding the designated investment alternative:

(vi) *Glossary*. A general glossary of terms to assist participants and beneficiaries in understanding the designated investment alternatives, or an Internet Web site address that is sufficiently specific to provide access to such a glossary along with a general explanation of the purpose of the address.

(vii) *Annuity options*. If a designated investment alternative is part of a contract, fund or product that permits participants or beneficiaries to allocate contributions toward the future purchase of a stream of retirement income payments guaranteed by an insurance company, the information set forth in paragraph (i)(2)(i) through (i)(2)(vii) of this section with respect to the annuity option, to the extent such information is not otherwise included in investment-related fees and expenses described in paragraph (d)(1)(iv).

(viii) *Disclosures on or before first investment*. The requirement in paragraph (d)(1) of this section to provide information to a participant or beneficiary on or before the date on which the participant or beneficiary can first direct his or her investments may be satisfied by furnishing to the participant or beneficiary the most recent annual disclosure furnished to participants and

beneficiaries pursuant to paragraph (d)(1) of this section.

(2) *Comparative format*. (i) Furnish the information described in paragraph (d)(1) and, if applicable, paragraph (i) of this section in a chart or similar format that is designed to facilitate a comparison of such information for each designated investment alternative available under the plan and prominently displays the date, and that includes:

(ii) Nothing in this section shall preclude a plan administrator from including additional information that the plan administrator determines appropriate for such comparisons, provided such information is not inaccurate or misleading.

(3) *Information to be provided subsequent to investment*. Furnish to each investing participant or beneficiary, subsequent to an investment in a designated investment alternative, any materials provided to the plan relating to the exercise of voting, tender and similar rights appurtenant to the investment, to the extent that such rights are passed through to such participant or beneficiary under the terms of the plan.

(4) *Information to be provided upon request*. Furnish to each participant or

beneficiary, either at the times specified in paragraph (d)(1), or upon request, the following information relating to designated investment alternatives—

(i) Copies of prospectuses (or, alternatively, any short-form or summary prospectus, the form of which has been approved by the Securities and Exchange Commission) for the disclosure of information to investors by entities registered under either the Securities Act of 1933 or the Investment Company Act of 1940, or similar documents relating to designated investment alternatives that are provided by entities that are not registered under either of these Acts;

(3) A plan administrator that uses and accurately completes the model in the Appendix, taking into account each

designated investment alternative offered under the plan, will be deemed to have satisfied the requirements of paragraph (d)(2) of this section.

(4) Except as otherwise explicitly required herein, fees and expenses may be expressed in terms of a monetary amount, formula, percentage of assets, or per capita charge.

(5) The information required to be prepared by the plan administrator for disclosure under this section shall be written in a manner calculated to be understood by the average plan participant.

(f) *Selection and monitoring.* Nothing herein is intended to relieve a fiduciary from its duty to prudently select and monitor providers of services to the plan or designated investment alternatives offered under the plan.

(g) *Manner of furnishing.* Reserved.

(h) *Definitions.* For purposes of this section, the term—

(1) *At least annually thereafter* means at least once in any 14-month period, without regard to whether the plan operates on a calendar year or fiscal year basis.

(2) *At least quarterly* means at least once in any 3-month period, without regard to whether the plan operates on a calendar or fiscal year basis.

(3) *Average annual total return* means the average annual compounded rate of return that would equate an initial investment in a designated investment alternative to the ending redeemable value of that investment calculated with the before tax methods of computation prescribed in Securities and Exchange Commission Form N-1A, N-3, or N-4, as appropriate, except that such method of computation may exclude any front-end, deferred or other sales loads that are waived for the participants and beneficiaries of the covered individual account plan.

(4) *Designated investment alternative* means any investment alternative designated by the plan into which participants and beneficiaries may direct the investment of assets held in, or contributed to, their individual accounts. The term “designated investment alternative” shall not include “brokerage windows,” “self-directed brokerage accounts,” or similar plan arrangements that enable participants and

beneficiaries to select investments beyond those designated by the plan.

(5) *Total annual operating expenses* means:

(i) In the case of a designated investment alternative that is registered under the Investment Company Act of 1940, the annual operating expenses and other asset-based charges before waivers and reimbursements (e.g., investment management fees, distribution fees, service fees, administrative expenses, separate account expenses, mortality and expense risk fees) that reduce the alternative's rate of return, expressed as a percentage, calculated in accordance with the required Securities and Exchange Commission form, e.g., Form N-1A (open-end management investment companies) or Form N-3 or N-4 (separate accounts offering variable annuity contracts); or

(ii) In the case of a designated investment alternative that is not registered under the Investment Company Act of 1940, the sum of the fees and expenses described in paragraphs (h)(5)(ii)(A) through (C) of this section before waivers and reimbursements, for the alternative's most recently completed fiscal year, expressed as a percentage of the alternative's average net asset value for that year—

(A) Management fees as described in the Securities and Exchange Commission Form N-1A that reduce the alternative's rate of return,

(B) Distribution and/or servicing fees as described in the Securities and Exchange Commission Form N-1A that reduce the alternative's rate of return, and

(C) Any other fees or expenses not included in paragraphs (h)(5)(ii)(A) or (B) of this section that reduce the alternative's rate of return (e.g., externally negotiated fees, custodial expenses, legal expenses, accounting expenses, transfer agent expenses, recordkeeping fees, administrative fees, separate account expenses, mortality and expense risk fees), excluding brokerage costs described in Item 21 of Securities and Exchange Commission Form N-1A.

(i) *Special rules.* The rules set forth in this paragraph apply solely for purposes of paragraph (d)(1) of this section.

(1) *Qualifying employer securities.* In the case of designated investment alternatives designed to invest in, or primarily in, qualifying employer securities, within the meaning of section 407 of ERISA, the following rules shall apply—

(i) In lieu of the requirements of paragraph (d)(1)(v)(C) of this section (relating to principal strategies and principal risks), provide an explanation of the importance of a well-balanced and diversified investment portfolio.

(ii) The requirements of paragraph (d)(1)(v)(D) of this section (relating to portfolio turnover rate) do not apply to such designated investment alternatives.

(iii) The requirements of paragraph (d)(1)(v)(F) of this section (relating to fee and expense information) do not apply to such designated investment alternatives, unless the designated investment alternative is a fund with respect to which participants or beneficiaries acquire units of participation, rather than actual shares, in exchange for their investment.

(iv) The requirements of paragraph (d)(1)(iv)(A)(2) of this section (relating to total annual operating expenses expressed as a percentage) do not apply to such designated investment alternatives, unless the designated investment alternative is a fund with respect to which participants or beneficiaries acquire units of participation, rather than actual shares, in exchange for their investment.

(v) The requirements of paragraph (d)(1)(iv)(A)(3) of this section (relating to total annual operating expenses expressed as a dollar amount per \$1,000 invested) do not apply to such designated investment alternatives, unless the designated investment alternative is a fund with respect to which participants or beneficiaries acquire units of participation, rather than actual shares, in exchange for their investment.

(vi)(A) With respect to the requirement in paragraph (d)(1)(ii)(A) of this section (relating to performance data for 1-, 5-, and 10-year periods), the definition of "average annual total return" as defined in paragraph (i)(1)(vi)(B) of this section shall apply to such designated investment alternatives in lieu

of the definition in paragraph (h)(3) of this section if the qualifying employer securities are publicly traded on a national exchange or generally recognized market and the designated investment alternative is not a fund with respect to which participants or beneficiaries acquire units of participation, rather than actual shares, in exchange for their investment.

(B) The term “average annual total return” means the change in value of an investment in one share of stock on an annualized basis over a specified period, calculated by taking the sum of the dividends paid during the measurement period, assuming reinvestment, plus the difference between the stock price (consistent with ERISA section 3(18)) at the end and at the beginning of the measurement period, and dividing by the stock price at the beginning of the measurement period; reinvestment of dividends is assumed to be in stock at market prices at approximately the same time actual dividends are paid.

(C) The definition of “average annual total return” in paragraph (i)(1)(vi)(B) of this section shall apply to such designated investment alternatives consisting of employer securities that are not publicly traded on a national exchange or generally recognized market, unless the designated investment alternative is a fund with respect to which participants or beneficiaries acquire units of participation, rather than actual shares, in exchange for their investment. Changes in value shall be calculated using principles similar to those set forth in paragraph (i)(1)(vi)(B) of this section.

(2) *Annuity options.* In the case of a designated investment alternative that is a contract, fund or product that permits participants or beneficiaries to allocate contributions toward the current purchase of a stream of retirement income payments guaranteed by an insurance company, the plan administrator shall, in lieu of the information required by paragraphs (d)(1)(i) through (d)(1)(v), provide each participant or beneficiary the following information with respect to each such option:

(i) The name of the contract, fund or product;

(ii) The option’s objectives or goals (e.g., to provide a stream of fixed retirement income payments for life);

(iii) The benefits and factors that determine the price (e.g., age, interest rates, form of distribution) of the guaranteed income payments;

(iv) Any limitations on the ability of a participant or beneficiary to withdraw or transfer amounts allocated to the option (e.g., lock-ups) and any fees or charges applicable to such withdrawals or transfers;

(v) Any fees that will reduce the value of amounts allocated by participants or beneficiaries to the option, such as surrender charges, market value adjustments, and administrative fees;

(vi) A statement that guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability; and

(vii) An Internet Web site address that is sufficiently specific to provide participants and beneficiaries access to the following information—

(A) The name of the option’s issuer and of the contract, fund or product;

(B) Description of the option’s objectives or goals;

(C) Description of the option’s distribution alternatives/guaranteed income payments (e.g., payments for life, payments for a specified term, joint and survivor payments, optional rider payments), including any limitations on the right of a participant or beneficiary to receive such payments;

(D) Description of costs and/or factors taken into account in determining the price of benefits under an option’s distribution alternatives/guaranteed income payments (e.g., age, interest rates, other annuitization assumptions);

(E) Description of any limitations on the right of a participant or beneficiary to withdraw or transfer amounts allocated to the option and any fees or charges applicable to a withdrawal or transfer; and

(F) Description of any fees that will reduce the value of amounts allocated by participants or beneficiaries to the option (e.g., surrender charges, market value adjustments, administrative fees).

(3) *Fixed-return investments.* In the case of a designated investment alternative with respect to which the return is fixed for the term of the investment, the plan administrator shall, in lieu of complying with the requirements of paragraph (d)(1)(v) of this section, provide an Internet Web site address that is sufficiently specific to provide participants and beneficiaries access to the following information—

(i) The name of the alternative's issuer;

(ii) The alternatives objectives or goals (e.g., to provide stability of principal and guarantee a minimum rate of return);

(iii) The alternative's performance data described in paragraph (d)(1)(ii)(B) of this section updated on at least a quarterly basis, or more frequently if required by other applicable law;

(iv) The alternative's fee and expense information described in paragraph (d)(1)(iv)(B) of this section.

(4) *Target date or similar funds. Reserved.*

(j) *Dates.* (1) *Effective date.* This section shall be effective on December 20, 2010.

(2) *Applicability date.* This section shall apply to covered individual account plans for plan years beginning on or after November 1, 2011.

(3) *Transitional rules.*

(i) (A) Notwithstanding paragraphs (b), (c) and (d) of this section, the initial disclosures required on or before the date on which a participant or beneficiary can first direct his or her investments must be furnished no later than the later of 60 days after such ap-

plicability date or 60 days after the effective date of 29 CFR 2550.408b-2(c).

(B) Notwithstanding paragraphs (b) and (c) of this section, the initial disclosures required under paragraphs (c)(2)(ii) and (c)(3)(ii) of this section must be furnished no later than 45 days after the end of the quarter in which the disclosure referred to in paragraph (j)(3)(i)(A) of this section was required to be furnished to participants and beneficiaries.

(ii) For plan years beginning before October 1, 2021, if a plan administrator reasonably and in good faith determines that it does not have the information on expenses attributable to the plan that is necessary to calculate, in accordance with paragraph (h)(3) of this section, the 5-year and 10-year average annual total returns for a designated investment alternative that is not registered under the Investment Company Act of 1940, the plan administrator may use a reasonable estimate of such expenses or the plan administrator may use the most recently reported total annual operating expenses of the designated investment alternative as a substitute for such expenses. When a plan administrator uses a reasonable estimate or the most recently reported total annual operating expenses as a substitute for actual expenses pursuant to this paragraph, the administrator shall inform participants of the basis on which the returns were determined. Nothing in this section requires disclosure of returns for periods before the inception of a designated investment alternative.

Document Summary

This document has 3 parts. Part I consists of performance information for plan investment options. This part shows you how well the investments have performed in the past. Part II shows you the fees and expenses you will pay if you invest in an option. Part III contains information about the annuity options under your retirement plan.

Part I. Performance Information

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available on the Web site[s].

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Part III. Annuity Information

Table 4 focuses on the annuity options under the plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at regular intervals, usually beginning when you retire and lasting for your entire life. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

At age 65, you will receive monthly payments of \$10 for each share you own, for your life. For example, if	The cost of each share depends on your age and interest rates when you buy it. Ordinarily the closer you are to retirement, the more it will cost you to buy a share. The cost of this right is included in the Total Annual Operating Expenses of the Generations 2020 Lifecycle Fund, listed in Table 3 above. The cost also includes a guaranteed death benefit payable to a spouse or beneficiary if you die before payments begin. The death benefit is the greater of your account balance or contributions, less any withdrawals.	Maximum surrender charge of 8% of account balance.
