

D. Review Under the Treasury and General Government Appropriations Act, 1999

Section 654 of the Treasury and General Government Appropriations Act, 1999 (Pub. L. 105–277) requires Federal agencies to issue a Family Policymaking Assessment for any rule that may affect family well-being. This rule will not have any impact on the autonomy or integrity of the family as an institution. Accordingly, it is not necessary to prepare a Family Policymaking Assessment.

E. Congressional Notification

As required by 5 U.S.C. 801, DOE will report to Congress on the promulgation of this rule before its effective date. The report will state that it has been determined that the rule is not a “major rule” as defined by 5 U.S.C. 804(2).

IV. Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this final rule.

List of Subjects in 10 CFR Part 430

Administrative practice and procedure, Confidential business information, Energy conservation, Household appliances, Imports, Intergovernmental relations, Small businesses.

Signing Authority

This document of the Department of Energy was signed on April 11, 2025, by Louis Hrkman, Principal Deputy Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on April 11, 2025.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

For the reasons set forth in the preamble, DOE amends part 430 of chapter II, subchapter D, of title 10 of the Code of Federal Regulations, as set forth below:

PART 430—ENERGY CONSERVATION PROGRAM FOR CONSUMER PRODUCTS

DEPARTMENT OF THE TREASURY

12 CFR Parts 810 and 811

31 CFR Parts 30, 31, and 1010

Eliminating Unnecessary Regulations

AGENCY: Departmental Offices, Treasury.
ACTION: Direct final rule.

SUMMARY: Pursuant to an Executive order, the Department of the Treasury (Treasury) is conducting a review of existing regulations, with the goal of reducing regulatory burden by revoking or revising existing regulations that meet the criteria set forth in the Executive order. In support of that objective, this direct final rule streamlines titles 12 and 31 of the Code of Federal Regulations (CFR) by removing regulations that are no longer necessary or no longer have any current or future applicability.

DATES: This rule is effective June 16, 2025 without further action, unless significant adverse comment is received by May 15, 2025. If Treasury receives significant adverse comments, it will publish a timely withdrawal in the **Federal Register** informing the public that this rule or a portion thereof will not take effect.

ADDRESSES: Submit comments electronically through the Federal eRulemaking Portal: <https://www.regulations.gov>, or by mail to: Department of the Treasury, Attn: E.O. 14219 Comments, 1500 Pennsylvania Avenue NW, Washington, DC 20220. Because paper mail in the Washington, DC area may be subject to delay, it is recommended that comments be submitted electronically. Comments will be available for public inspection on www.regulations.gov. In general, comments received, including attachments and other supporting materials, are part of the public record and are available to the public. Do not submit any information in your comment or supporting materials that

you consider confidential or inappropriate for public disclosure.

SUPPLEMENTARY INFORMATION:

Background

On April 9, 2025, the President issued a Presidential Memorandum, *Directing the Repeal of Unlawful Regulations*, to implement Executive Order 14219, Ensuring Lawful Governance And Implementing The President’s “Department of Government Efficiency” Deregulatory Initiative (Deregulatory E.O.), 90 FR 10583 (Feb. 19, 2025). The Deregulatory E.O. directed the heads of executive departments and agencies to review their regulations and repeal those which are unlawful or impose undue burdens, among other things.

This Direct Final Rule

This direct final rule removes regulations and portions of regulations that are no longer necessary, or have no current or future applicability and, therefore, no longer provide useful guidance. Removing these regulations from the Code of Federal Regulations will streamline titles 12 and 31 and increase clarity.

Explanation of Provisions

The regulations, or portions of regulations removed are:

Federal Financing Bank Bills, 12 CFR Part 810

In accordance with the purposes described above, Treasury is eliminating the Federal Financing Bank Bills regulations codified at 12 CFR part 810.

These regulations, promulgated in 1974 under the Federal Financing Bank Act of 1973, relate to the public offering of certain obligations by the Federal Financing Bank (FFB). The FFB has no plans to issue obligations to the public. Given the changes in Federal financing and relevant markets over the 50 years since these regulations were promulgated, if the FFB were to determine to offer obligations to the public, it would determine appropriate procedures at that time.

Book-Entry Procedure for Federal Financing Bank Securities, 12 CFR Part 811

In accordance with the purposes described above, Treasury is eliminating the Book-Entry Procedure for Federal Financing Bank Securities regulations codified at 12 CFR part 811.

These regulations, promulgated in 1975 under the Federal Financing Bank Act of 1973, relate to book-entry procedures for FFB securities. The FFB has never issued securities subject to these regulations and has no plans to do so. Given the changes in Federal financing and relevant markets over the 50 years since these regulations were promulgated, if the FFB were to determine to issue such securities, it would determine appropriate procedures at that time.

TARP Standards for Compensation and Corporate Governance, 31 CFR Part 30

In accordance with the purposes described above, Treasury is eliminating the TARP Standards for Compensation and Corporate Governance regulations codified at 31 CFR part 30.

These regulations, promulgated pursuant to sections 101(a)(1), 101(c)(5), and 111 of the Emergency Economic Stabilization Act of 2008 (EESA), as amended by the American Recovery and Reinvestment Act of 2009 (ARRA), provide guidance on the executive compensation and corporate governance provisions of EESA that apply to entities that receive financial assistance under the Troubled Asset Relief Program (TARP). Section 111 of EESA requires Treasury to require entities receiving financial assistance from Treasury under TARP (TARP Recipients) to meet appropriate standards for executive compensation and corporate governance. These regulations include standards for TARP Recipients that implement the provisions of section 111 of EESA, as well as certain additional standards adopted pursuant to the authority granted the Treasury under section 111(b)(2) to promulgate such additional standards. Among various provisions relating to executive compensation and corporate governance, Treasury's regulations established the Office of the Special Master for TARP Executive Compensation (Special Master). The Special Master was given authority to review and approve certain payments and compensation structures applicable to certain employees of TARP Recipients receiving exceptional financial assistance (as defined in the regulations), and issue advisory opinions on compensation to TARP

recipients not receiving exceptional assistance.

Under section 111 of EESA (12 U.S.C. 5221(b)), the TARP compensation-related restrictions generally apply to an institution during the period in which any obligation arising from financial assistance provided under the TARP remains outstanding. There are no remaining outstanding obligations left in the TARP. Therefore, Treasury is removing 31 CFR part 30.

TARP Conflicts of Interest, 31 CFR 31.211 Through 216

In accordance with the purposes described above, Treasury is eliminating the TARP Conflicts of Interest regulations codified at 31 CFR 31.211 through 216.

Pursuant to section 108 of EESA, which directed the Secretary of the Treasury to issue regulations or guidelines necessary to address and manage or to prohibit conflicts of interest that may arise in connection with the administration and execution of the EESA authorities, Treasury promulgated an interim final rule on conflicts of interest on January 21, 2009 (74 FR 3431). That rule was finalized on October 3, 2011 (76 FR 61046). These regulations were codified at 31 CFR part 31.

The TARP program has wound down and these regulations are no longer needed. This rescission does not apply to regulations requiring TARP contractors to maintain the confidentiality of nonpublic information and setting out Treasury's enforcement authority, found at 31 CFR 31.200 and 201 and 31.217 and 218.

Civil Penalty, 31 CFR 1010.820

In accordance with the purposes described above, Treasury, including the Financial Crimes Enforcement Network (FinCEN), is eliminating the civil penalty rule codified at 31 CFR 1010.820.

Section 1010.820 described the civil penalties for certain violations of the Bank Secrecy Act.¹ This rule removes 31 CFR 1010.820 entirely because its penalty provisions were made obsolete by changes to FinCEN regulations under the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. 2461 note (Federal Civil Penalties Inflation Adjustment Act), that are codified in the civil penalty provisions of 31 CFR

¹ Certain parts of the Currency and Foreign Transactions Reporting Act, its amendments, and the other statutes relating to the subject matter of that Act, have come to be referred to as the BSA. These statutes are codified at 12 U.S.C. 1829b, 12 U.S.C. 1951–1960, and 31 U.S.C. 5311–5314 and 5316–5336, including notes thereto.

1010.821. Specifically, the Federal Civil Penalties Inflation Adjustment Act, as amended, requires agencies to issue regulations making annual adjustments reflecting the effect of inflation for civil penalties expressed in terms of a dollar amount. Those inflation adjustments are laid out in 31 CFR 1010.821 and updated annually, and 31 CFR 1010.820 expressly noted that 31 CFR 1010.821 applied to all penalties assessed after August 1, 2016. Thus, as a result of 31 CFR 1010.821's penalty provisions, 31 CFR 1010.820 is redundant, and its continued inclusion in FinCEN's regulations served no purpose.

Procedural Matters

This direct final rule is not a significant regulatory action under Executive Order 12866, as amended. Therefore, a regulatory assessment is not required. Because no notice of proposed rulemaking is required, an analysis under the Regulatory Flexibility Act (5 U.S.C. chapter 6) is not required.

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 100**

[Docket Number USCG–2025–0264]

RIN 1625-AA08

Special Local Regulation; Bush River and Otter Point Creek; Between Perryman, MD and Edgewood, MD

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary special local regulation for certain waters of the Bush River and Otter Point Creek, in Maryland. This action is necessary to provide for the safety of life on these navigable waters, located at Edgewood, MD, during a high-speed power boat race on May 3, 2025, and May 4, 2025. This regulation prohibits persons and vessels (other than those already at berth at the time the regulation takes effect) from being in the regulated area unless authorized by the Captain of the Port, Sector Maryland-National Capital Region (COTP), or a designated representative.

DATES: This rule is effective without actual notice from April 15, 2025 through 7 p.m. on May 4, 2025. It will only be subject to enforcement, however, from 9 a.m. through 7 p.m. on each of the two days the rule is in effect. For the purposes of enforcement, actual notice will be used from 9 a.m. on May 3, 2025, until April 15, 2025.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG–2025–0264 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email LCDR Kate Newkirk, Sector Maryland-NCR, Waterways Management Division, U.S. Coast Guard: telephone 410–576–2596, email MDNCRWaterways@uscg.mil.

NPRM Notice of proposed rulemaking

II. Background Information and Regulatory History

The Kent Narrows Racing Association applied for a permit under 33 CFR 100.15 to conduct the Harford County Spring Nationals Inboard Hydroplane Race on May 3, 2025, and May 4, 2025, from 10 a.m. to 6 p.m. on both days. The high-speed power boat racing event consists of approximately 60 participating racing boats—including composite and wood hull inboard hydroplanes—12 to 28 feet in length. Following the approval of a permit, the COTP may issue special local

regulations under 33 CFR 100.35, as the Coast Guard is doing in the form of this temporary final rule.

The Coast Guard is issuing this temporary rule under procedural authority in 5 U.S.C. 553(b)(B). This statutory provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” The Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable to provide notice, consider any comments received, and publish a final rule by May 3, 2025, when the rule must be in place to address the potential safety hazards associated with the high-speed power boat race.

Also, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. There are fewer than 30 days between now and May 3, making a 30-day delay in the effective date impracticable if the rule is to serve its purpose of addressing to the potential safety hazards associated with the high-speed power boat race.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The COTP has determined that potential hazards associated with the power boat race would be a safety concern for anyone intending to participate in this event and for vessels that operate within the specified waters of the Bush River and Otter Point Creek. The purpose of this rule is to protect event participants, non-participants, and transiting vessels before, during, and after the scheduled event.

IV. Discussion of the Rule

This rule establishes a regulated area from 9 a.m. on May 3, 2025, through 7 p.m. on May 4, 2025. Although it will be in effect during that period, it will only be enforced from 9 a.m. to 7 p.m. on May 3, 2025, and from 9 a.m. to 7 p.m. on May 4, 2025. The regulated area will cover all navigable waters of the Bush River and Otter Point Creek, shoreline to shoreline, bounded to the north by a line drawn from the western shoreline of the Bush River at latitude 39°21′15″ N, longitude 076°14′39″ W and thence eastward to the eastern shoreline of the Bush River at latitude 39°27′03″ N, longitude 076°13′57″ W, and bounded to the south by the Amtrak Railroad Bridge, across the Bush River
